

If Your Name is not on the List at Your Polling Place

There are a few possible reasons for why your name is not on the list at your designated polling place. If, for any reason, your name does not appear on the list of registered voters at a polling place, you have the right to cast a “provisional” ballot, which will be counted after elections officials have confirmed that you are registered to vote and that you did not vote elsewhere in that election. The poll worker can give you information about how to check that your provisional ballot was counted and, if it was not counted, the reason why.
